A large white circle is centered on the page, containing the text "LET JESUS LEAD". The words "LET" and "JESUS" are in green, while "LEAD" is in blue. The background of the entire page is white with a pattern of blue dotted lines that appear to radiate from the center. At the bottom, there are two dark blue curved shapes that frame the bottom of the white circle.

WELCOME!

Years ago I heard John Maxwell, leadership guru, say everything rises and falls on leadership. As I heard this comment, there was a dissonance in my soul. Part of me responded with a resounding yes, I had witnessed the impact of great leadership. It was instrumental in organizations of all kinds being successful. Leadership appeared to be the “secret sauce” in the difference between highly effective organizations and teams and those that were not.

But part of me also responded with a no. I couldn't really put my finger on why but Maxwell's statement seemed to be one of

those that sounded great but, you know, that didn't quite ring true. John Maxwell has written many books on leadership, pastored large churches, spoken before thousands and more so I am not saying he blew it here. Who am I to say that? I do, however, think there is more to it.

The more is Jesus. I know, I know, I went with the Sunday School answer. But it is true. Everything rises and falls on Jesus' leadership. Just one more word but what a word. It makes all the difference. As our plenary speaker says “It's not about getting better and better at doing more and more. It is about getting better at relying on the presence and power of God.”

May MBCollegiate Conference challenge you to embrace Let Jesus Lead. And may you never go back to any other leadership model again.
